How much will a personal injury lawyer cost?

It can be difficult to understand your legal options while you're trying to recover from an accident. We can help. From the hundreds of similar cases that my firm has handled, we know that you're probably looking for three things:

1) Recover as much money as possible.

Check the sampling of cases on our website. We've settled thousands of them, and we pride ourselves on knowing and seeking the maximum financial recovery from all responsible parties.

2) Team with lawyers who'll take your case seriously.

You may have heard stories about clients who only briefly (or never!) met the lawyer who was supposedly handling their case. Now there are more out-of-town lawyers than ever trying to market in this area. At Liever, Hyman & Potter, we pride ourselves on the personal attention that we give each client, as well as on our record of success - more awards and settlements than any other firm in the Berks/Schuylkill area.

3) Pay nothing unless you win.

Most attorneys will bill you for outside expenses whether or not they win your case. We don't. We front ALL expenses, and you won't pay a dime until we recover money for you.

Meet with us to discuss your case. You'll get the answers that you seek - no cost, no obligation, no pressure.

P.S. When we say "no cost," we mean it. Most attorneys will bill you for outside expenses whether or not they win your case. We don't. We front ALL expenses, and you won't pay a dime until we recover money for you. In fact, we'll even reimburse you for travel expenses if you come to our office.
